

Only from Quanex Building Products

Super Spacer® TriSeal™

It takes on the toughest commercial glazing demands, including silicone structural glazing.

Robust **silicone construction** provides proven **structural strength**

Significantly **reduces edge seal stress** and **failure over rigid spacer systems**

Compensates for common glazing stresses, including wind loads, snow loads, driving rain and widely fluctuating temperatures

- GS Jongro Tower, Seoul, Korea
- IG fabricator Samwoo
- Approximately 40,000 sq. meters double silver low-e argon filled IG made with Super Spacer® TriSeal™

Super Spacer® TriSeal™ structural silicone, warm edge spacer system.
The standard for the most demanding commercial insulating glass installations.

- **Structural Strength** for heavy laminated glass in floor-to-ceiling and wall-to-wall sizes
- **Proven Durability** with triple edge seal construction to maximize IG life
- **Thermal Performance** with extremely low U-factor to reduce energy costs in all climates

Get the best in aesthetics, energy efficiency, strength and durability for your next architectural glazing project with Super Spacer TriSeal.
